

**Modifying
TEAC FD-55GFR 7193-U
to work as an Amiga 880 KB 5.25" floppy drive
with full implementation of 'READY' an 'Disk Change'
signals.**

Modification at a glance

**Desolder pin no. 23 from it's pad to disconnect it
from pin 2 of FDD connector.**

**Use wire to connect
'Disk Change' signal to pin 2 of FDD connector.**
